Discover the luxury of space.

The most rewarding journey begins before you move.

New Tourneo Custom has been purposefully designed to give it a fresh new look. The first thing you'll notice is the dynamic new grille and distinctive front signature lighting. Step inside, and you'll find a spacious and refined all-new interior with luxurious materials and soft-feel trim. Plus a range of clever new technologies designed to help you take on life's challenges.

Model shown is a Tourneo Custom L2 Titanium X in Moondust Silver metallic body colour (option) with High Intensity Discharge headlights (standard) and 17" 10-spoke silver alloy wheels (standard).

Take your seat in premium class.

When it comes to comfort and well-being, new Ford Tourneo Custom excels, offering the style and quality of a luxury saloon with the versatility and interior space of a people mover, plus seating for up to nine occupants. A wealth of thoughtful equipment provides even greater levels of refinement. The driver's seat and steering column are fully adjustable so you can find your ideal driving position. While your passengers can relax with options such as rear compartment air conditioning, reclining seat backs and luxurious leather trim.

Rear air suspension

Designed to automatically adjust to maintain a constant ride height, regardless of the loading conditions, for a smoother and more comfortable ride. (Option on selected models)

Model shown is a Tourneo Custom L2 Titanium in Moondust Silver metallic body colour (option) with 17" 10-spoke Dark Tarnish alloy wheels (option)

Room for everyone.

People carriers don't come any more versatile than the sensational Tourneo Custom.

With its new conference seating layout, Tourneo Custom's spacious interior is as flexible as it is comfortable. Two versions are available: Versatile Conference Seating (standard on Zetec), offering second row individual seats, and third row 2+1 seats; and Highly Versatile Conference Seating (standard on Titanium, Titanium X and Sport), with second and third row individual seats for the ultimate in versatility. Individual second row seats can rotate to face the front or the rear and all seats can fold, tumble, stow or be removed to meet your requirements.

Choose from the L1 with ample space for up to nine people; the L2 with its increased rear luggage space, or the Tourneo Custom Shuttle Bus L2 featuring Direct Access Seats.

Whichever model you favour, you'll find its adaptable interior can be easily tailored to suit your business or family transport needs.

Note: A rear-facing child seat must not be fitted to the second row seat when they are rearward facing towards the third row.

Tourneo Custom Shuttle Bus

With a focus on passenger comfort, the Tourneo Custom Shuttle Bus L2 offers generous space in each of its four rows of Direct Access Seats. Rear seating is easily reached from the kerb-side sliding side door, and it's the ideal way to prioritise passenger comfort and mobility over luggage space.

Tourneo Custom
9 seats L2.

Tourneo Custom Shuttle Bus
9 seats L2.

Main image (left): Model shown is a Tourneo Custom Titanium with Salerno leather trim in Palazzo Grey.

More space, less effort.

Accommodate up to nine people in high-quality comfort. Fold the rear seat backs to create a flat workspace. Or rotate, fold, tumble or stow the rear seats in numerous different ways to create limousine-like space or to maximise the luggage area, without leaving any seats behind.

On delivery, the seats are arranged in conference seating mode, so that the rear seat rows face each other for easy conversation between passengers. However the rear seats can easily be rearranged to keep everyone happy.

If you need even more room, the rear seats can be removed completely, individually or in sets, to leave a large and versatile space for whatever you want to carry.

Note: A rear-facing child seat must not be fitted to the second-row seat when they are rearward facing towards the third row.

Main image (left): Model shown is a Tourneo Custom Titanium with Salerno leather trim in Dark Palazzo Grey (option) in conference seating configuration.

Note Zetec series features third row 2+1 seating, in lieu of individual seats.
All luggage must be securely stowed in accordance with the owner manual.

Space for everything.

New Tourneo Custom is the definitive Smart People Mover. Wide-opening sliding side doors and a large glazed tailgate offer easy access to the elegant and welcoming interior. While a host of thoughtful features, including convenient running boards and a range of innovative stowage solutions, provide outstanding levels of space and versatility.

Innovative stowage solutions

Functional storage options include cupholders and a stowage area concealed beneath a neat roller cover (only available with single front passenger seat), large front door pockets and a lockable glovebox. (Standard)

FORD TOURNEO CUSTOM Clever by design

Sliding doors and running boards

Running boards fitted below the two sliding side doors make getting in and out even easier, while enhancing Tourneo Custom's luxurious style. (Standard)

Integrated roof rack

Tourneo Custom is available with an ingenious roof rack system that folds away when not in use to help improve fuel economy and reduce wind noise, versus conventional roof racks. Capable of carrying loads of up to 130 kg, the roof rack features a load stop and integrated T-slots that are compatible with standard roof rack accessories to maximise its capability and usability. (Option). Restrictions apply. Please see specification section for more details)

ISOFIX child seat fixing points

A total of four ISOFIX child seat attachment points are provided on selected second and third row seats. (Standard. Position varies by series)

Note: A rear-facing child seat must not be fitted to the second row seat when they are rearward facing towards the third row.

230 V (150 W) power converter

Operate or charge your favourite devices without the need for special adaptors. Simply plug in as you would at home. (Option)

Privacy glass and rear window blinds

Integrated sunblinds can be easily raised to shield rear occupants from bright sunlight (standard on Titanium, Titanium X and Sport. Option on Zetec and Shuttle Bus) (L1 - fitted to 2nd row only, L2 - fitted to 2nd & 3rd rows)

Privacy glass adds a further level of screening and sophistication (standard on Zetec, Titanium, Titanium X and Sport, option on Shuttle Bus)

“Call John”

“Listen to message”

“Find town centre”

“I need fuel”

“I need to park”

“I’m hungry”

Meet your phone’s new best friend.

Ford SYNC 3

New Ford SYNC 3 integrates seamlessly with your compatible smartphone*, letting you control everything from phone calls and text messaging, to music and satellite navigation – all via the 8" touchscreen, or by using remarkably simple voice commands. (Option on Zetec, standard on Titanium, Titanium X and Sport)

Sync 3 features

- Make and receive calls hands-free
- Easy navigation (option)
- Listen to your own music (link to Spotify)
- Touchscreen interface (8" screen)
- Listen to text messages

Touchscreen

The SYNC 3 8" touchscreen supports multi-touch ‘swipe’ and ‘pinch-to-zoom’ gestures, and lets you arrange application icons and background displays just as you would on your tablet or smartphone. You can also switch between daytime and night modes, and tailor presets for multiple users.

Main image shows Tourneo Custom Titanium with SYNC 3 and satellite navigation (ICE Pack 24) (Option).

Applink, Apple CarPlay and Android Auto

Control SYNC-compatible apps with Applink, while Apple CarPlay and Android Auto let you navigate your smartphone HMI through the SYNC 3 home screen, just as if it were your handset.

Live Traffic** is available through the FordPass app. Connecting seamlessly via SYNC 3 with navigation, Live Traffic gives you up-to-the-minute traffic data, enabling you to plan your journey more efficiently.

Please note: Full SYNC 3 smartphone integration only available with iPhone 5/Android 5.0 (Lollipop) or higher. Some SYNC 3 functions require a data connection, so mobile data charges will apply. To check whether Apple CarPlay and Android Auto are available in your market, please check official Apple CarPlay and Android Auto websites for the latest information.

Ford Emergency Assistance is an innovative SYNC feature that uses a Bluetooth®-paired and connected mobile phone to help vehicle occupants initiate a call to the local Communications Centre, following a vehicle crash event involving an airbag deployment or fuel pump shut off. The feature operates in more than 40 European countries and regions.

**Live Traffic access is free for the first 2 years following registration of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.

Reacts before you know it.

Combining information from a forward-facing camera and radar technology, new Tourneo Custom can help in various driving situations. From Pre-Collision Assist (option as part of Adaptive Cruise Control) that can alert you to a potential collision, to Intelligent Speed Assist (option) that helps you stay within speed limits, Tourneo Custom is better equipped than ever to lend a helping hand.

⁰Uses sensors.
²Driver assistance feature.
¹ Speed limit may vary according to road and vehicle size. Driver is responsible for adhering to the speed limit at all times.

Pre-Collision Assist

Using radar and a camera, Pre-Collision Assist⁽²⁾ keeps a watchful eye on the road ahead. The system is designed to monitor your proximity to other vehicles and pedestrians – even in the dark – and can alert you to a potential collision. If you don't respond to the system's warning signals, Active Braking⁽²⁾ pre-charges the braking system and can automatically apply the brakes to help mitigate the effect of any impact. (Option as part of Adaptive Cruise Control)

Driver Alert⁽²⁾

Designed to warn you if the system detects driving behaviour that indicates a drop in alertness levels. Initially, a warning icon is displayed in the instrument cluster, followed by a warning chime if driving alertness further declines. (Standard with Lane-Keeping Alert)

Adaptive Cruise Control⁽²⁾

Set your desired speed and Adaptive Cruise Control will maintain a pre-set distance from the vehicle in front. If the sensors detect traffic slowing ahead, your vehicle automatically slows down. When traffic has cleared, your vehicle accelerates back to the pre-selected speed. (Option)

Intelligent Speed Assist⁽²⁾

When activated, the system is designed to automatically restrict the vehicle's speed to the limit detected⁽¹⁾ by the traffic sign recognition system. The driver can also select the top speed tolerance in addition to the detected speed limit. (Option)

Senses what you can't see.

New Tourneo Custom benefits from the latest technology that looks out for you, your vehicle and those around you. One such system, Cross-Traffic Alert (part of optional Blind Spot Information System), is designed to help when reversing out of a parking bay where vision is obscured by vehicles parked either side. The system can provide audible and visual warnings to reduce the risk of colliding with an approaching vehicle.

Cross-Traffic Alert

Part of the Blind Spot Information System, Cross Traffic Alert is designed to scan left and right as you reverse from a perpendicular parking space. If a moving vehicle or other hazard is detected, the system will alert you with visual and audible warnings. (Option)

Live Traffic*

Provides you with real-time traffic information such as traffic speed, accidents and road closures, as well as alternative route guidance and mapping to help you avoid problem areas. Available through FordPass via SYNC 3 with navigation.

Blind Spot Information System

As another vehicle – a car, van or lorry – enters your blind spot whilst travelling, the system is designed to alert you with a warning light built into the driver's and passenger's door mirrors. (Option)

*Live Traffic access is free for the first 2 years following the registration of a new Ford featuring SYNC 3 with navigation; thereafter there is an annual licence fee.

See the road in a new light.

Enhanced lighting for outstanding visibility.

Tourneo Custom's stylish new headlights give it a strong identity. All versions incorporate daytime running lights, while the powerful high intensity discharge headlights (option) provide enhanced illumination in all conditions.

Auto high beam

Temporarily dips your headlights when it detects oncoming traffic or a vehicle ahead, and automatically reverts back to high beam for maximum visibility. (Option as part of Adaptive Cruise Control)

Projector-style headlights with static cornering lights

When you turn the steering wheel beyond 30 degrees, cornering lights illuminate the appropriate side of the road for extra visibility at night. Operates at speeds up to 20 mph. (Standard)

High Intensity Discharge headlights with static bending lights

Tourneo Custom's new High Intensity Discharge headlights offer superior light quality over halogen bulbs, while using less energy. Static bending lights, mounted within each headlight, illuminate corners during turns, at speeds up to 40 mph. Whenever outside light levels dictate, automatic headlights switch on to help keep the road ahead well lit. (Option)

Model shown is a Tourneo Custom L1 Titanium X in Moondust Silver metallic body colour (option) with 17" 10-spoke Dark Tarnish alloy wheels (option)

Technology to make your life easier.

Tourneo Custom is available with a range of safety and driver assistance features to help make every drive both safer and easier.

Roll Stability Control⁽¹⁾

Ford's unique roll-rate sensor helps the Roll Stability Control system to keep the tyres grounded under conditions of high centre of gravity and when driving through off-camber turns. (Standard)

Auto Start-Stop

Helps to improve your fuel efficiency. (Standard)

Torque Vectoring Control[®]

Designed to improve traction, roadholding and agility when cornering by continuously optimising the engine torque distributed to each front wheel to match the amount of grip each has available. (Standard)

Traction Control⁽¹⁾

If wheel slip is detected at low speed, this system can distribute more torque to the wheel with most traction. (Standard)

Emergency Brake Assist⁽¹⁾

Designed to recognise an emergency braking situation and increase the pressure within the braking system to provide extra stopping power. (Standard)

Electronic Stability Control (ESC)⁽¹⁾

Designed to help you maintain control in extreme driving conditions. It senses when you are deviating from your chosen line and aims to keep you on track by automatically regulating braking and engine output. (Standard)

Impressive towing ability

With up to 2,150 kg* maximum towing capacity, Tourneo Custom offers impressive pulling power along with a range of safety features to help keep you and your trailer secure. (Commercial users may need a digital tachograph)

Trailer Sway Control⁽¹⁾

Designed to detect when trailer sway occurs and to help counteract it to bring the trailer under control. (Standard, but activated with optional Ford trailer tow attachment)

Hill Start Assist⁽²⁾

Designed to temporarily prevent you from rolling down a slope when you move your foot from the brake pedal to the accelerator pedal. It works in forward and reverse gears, so is ideal for towing and pulling heavy loads. (Standard)

⁽¹⁾Uses sensors. ^{*}Maximum towing capacity on L2 series. ⁽¹⁾Safety feature. ⁽²⁾Driver assistance feature.

Power without compromise.

Tourneo Custom is powered by our latest range of high-performance Ford EcoBlue diesel engines. Powerful, clean and refined they build on the industry-leading performance and technology of our award-winning Ford EcoBoost petrol engines.

105 ps

164*^{g/km}

Efficient.

2.0L Ford EcoBlue 105 PS

Tourneo Custom's Ford EcoBlue 105 PS (77 kW)/360 Nm diesel engine combines outstanding fuel efficiency (from as low as 44.8 mpg* (6.3 L/100 km) combined) with excellent driveability and refinement. State-of-the-art design helps keep running costs down without compromising on performance.

*NEDC test figures.

55% less NO_x than the previous standard.

Greater performance, fewer emissions.

New Tourneo Custom's Ford EcoBlue diesel engines comply with stringent Euro6 emissions standards, which specify a 55% reduction in nitrogen oxide (NO_x) emissions versus the previous Euro5 emissions standards. A Selective Catalytic Reduction (SCR) system uses AdBlue[®], a urea/ water-based fluid to convert NO_x emissions in the exhaust gas into nitrogen and water. A particulate filter then reduces more than 99% of emitted solid particulates from the vehicle's exhaust.

Models Zetec

Key exterior features

- 16" alloy wheels with locking wheel nuts
- Projector-style headlights with static cornering fog lights, LED daytime running lights and courtesy delay
- Front fog lights
- Electrically-operated and heated door mirrors with body colour housings, blind spot eliminator and integrated side indicator
- Remote control central locking with two key fobs
- Front and rear parking distance sensors
- Flip-open second row windows
- Privacy glass on rear windows

Key interior features

- AM / FM Radio with SYNC, Bluetooth®, 4.2" TFT display, remote audio controls, integrated control panel, USB connectivity port with iPod® functionality and ten speakers (ICE Pack 18)
- Versatile Conference Seating with second row individual seating, which can rotate, and third row 2+1 seats. All seats can fold, tumble, stow or be removed
- Front air conditioning with pollen filter
- Leather-trimmed steering wheel
- Cruise control with Adjustable Speed Limiter

12-year perforation warranty

The Tourneo Custom owes its beautiful and durable exterior to a thorough multi-stage painting process. From the wax-injected steel body sections to the hard-wearing top coat, new materials and application processes ensure it will retain its good looks for many years to come.

Note The images used are to illustrate body colours only and may not reflect the vehicle described. Colours and trims reproduced within this brochure may vary from the actual colours, due to the limitations of the printing processes used.

*Metallic and mica body colours are options, at extra cost.

The Ford Transit Custom is covered by the Ford Corrosion Protection Warranty for 12 years from the date of first registration. Subject to terms and conditions.

Brink®+ detachable tow bar

For extra transport and stowage capability, the tow bar can tow up to 2,150 kg* depending on engine and series (not compatible with air suspension). The tow bar can be detached if not in use. Also available as a fixed tow bar. (Accessory)

Engine undershield

Tough corrosion-resistant metal undershield helps protect engine from accidental stone and kerb damage. Easily removed for oil changes and routine servicing. (Option and accessory)

Bosch®+ reverse warning device

Linked to reverse gear. Provides an audible warning when the vehicle is reversing. (Accessory)

Integrated roof rack

Can carry up to 130 kg of cargo and folds level with the roof line when not in use. Features load stop and integrated T-slots that are compatible with standard roof rack accessories to maximize the roof rack capability and usability. (Option on Trend, Titanium and Titanium X, and accessory) Restrictions apply. Please see specification section for more details.

Thule®+ roof box

Designed to carry a wide variety of loads and protect them from weather and theft. Most models come with dual-opening for easy access. Only in combination with L1 short wheelbase. (Accessory, available in various sizes)

Thule®+ roof ski/snowboard carrier

Elegant, fully-lockable ski carrier suitable for up to six pairs of standard size skis or four snowboards. Only in combination with L1 short wheelbase. (Accessory)

ClimAir®+ wind deflectors

Helps reduce wind turbulence and noise, allowing you a more enjoyable drive with the front windows down, even during light rain. (Accessory)

Alloy wheels

17" 10-spoke alloy wheels with locking wheel nuts. (Standard on Titanium and accessory)

Mud flaps

Contoured rear mud flaps help to protect the bodywork of your Tourneo Custom from stone chips and road spray. (Option and accessory)

Rubber floor mats

All-weather rubberised floor mats are tailor-made to fit your Ford perfectly and protect against dirt and damp. Securely fixed directly onto the vehicle's floor. (Accessory)

Xvision (SCC)* parking distance sensors

An audible warning helps you to judge front and/or rear parking distances. (Accessory)

*Item covered by third party supplier's warranty, please see back cover for details.

*Towing capacity depends on engine and vehicle series, please refer to vehicle weight and load specifications.

Ford ECONetic Technology

Ford EcoBlue advanced diesel engines provide exceptional fuel economy and low CO₂ emissions. Features include:

- Ford Auto Start-Stop system
- Ford Smart Regenerative Charging
- Shift Indicator – to aid economical driving
- Acceleration Control – unique engine calibration helps reduce fuel consumption when vehicle is driven empty (option)
- Ford Battery Management System – improves battery life, fuel consumption and ensures ready-to-go reliability

5-star Euro NCAP rating

Safety without compromise

Ford Tourneo Custom is officially one of the safest vehicles on the road. It was awarded the maximum 5-star overall safety rating from Euro NCAP. In addition, the Tourneo Custom received two Euro NCAP Advanced Rewards in recognition of its Lane-Keeping Alert technology and SYNC Emergency Assistance system.

Stop safer

Tourneo Custom makes driver and passenger protection its top priority. Standard safety features include a full ESC system with ABS and Emergency Brake Assist (EBA) to help reduce emergency stopping distances. Larger brake pads last longer and are more resistant to brake fade, while wear sensors indicate when pads are due for replacement.

Smarter engineering for greater peace of mind

With 4,500 crash tests to its name – in both the real and virtual worlds – the Tourneo Custom is designed to keep its occupants as safe as possible. Outstanding protection begins in the stiff body structure, with increased levels of high-strength and ultra-high-strength steel. And is complemented by a range of safety innovations, including a full array of airbags, plus advanced chassis and braking technology.

Thorax and curtain airbags

Designed to help protect the driver's and front passengers' heads from injury. (Standard)

*For details of the configurations available, please consult your Ford Dealer. Please note: Configurable locking must be defined at the time of order, it cannot be ordered as a Dealer-fitted option or accessory. ♦**Note: A rear-facing child seat should never be placed in the front passenger seat when the Ford vehicle is equipped with an operational front passenger's airbag.** ¹⁾Safety feature, ²⁾Driver assistance feature.

L1 = Short wheelbase, L2 = Long wheelbase. Kerb mass is affected by many factors such as bodystyles, engines and options. It is the weight of a standard-specification base series vehicle (different series will have different kerb masses), including fluids and fuel tank 90% full, but without the driver (75kg), crew or cargo. Payload within this guide is the difference between gross vehicle mass (GVM) and kerb mass with a further 75kg deduction for the weight of the driver. It must be noted that actual weight will always be subject to manufacturing tolerances which may result in payload variations between this guide and actual weight. For customers intending to load vehicle close to maximum payload, we suggest you also add a margin for error of 5% of Kerb Mass to the Kerb Mass figure before calculation, to reduce risk of overloading.

NB: It is the responsibility of the vehicle operator to ensure their vehicles are legally compliant for road use.

FORD TOURNEO CUSTOM Fuel economy and CO₂ emissions

The fuel economy figures quoted in the table below are achieved by following strict EU governed test procedures and are specifically designed to enable customers to compare vehicles from all manufacturers on a like-for-like basis. Fuel consumption is directly affected by the length of the journey; number of passengers and amount of luggage carried; individual driving style; road and traffic conditions; weather conditions; vehicle age, mileage, condition and standard of maintenance; use of vehicle features such as air conditioning; and any modifications to the vehicle such as the addition of a roof rack. Your fuel economy will vary based on these and other factors and, for these reasons, many drivers may not achieve the EU fuel economy figures (below) in day-to-day driving, although the vehicle is technically capable of doing so.

	Axle ratio ^o	Max speed mph/kmh	CO ₂ emissions (g/km) ^{oo}	Fuel consumption in mpg ^{oo} / L/100km ^{oo}		
				Urban	Extra Urban	Combined
Tourneo Custom						
2.0 TDCi Ford EcoBlue 105 PS (77 kW)	4.19	96/155	164	39.2/7.2	48.7/5.8	44.8/6.3
2.0 TDCi Ford EcoBlue 130 PS (96 kW)	4.19	102/165	164	39.2/7.2	48.7/5.8	44.8/6.3
2.0 TDCi Ford EcoBlue 170 PS (125 kW)	4.19	105/170	168	38.7/7.3	46.3/6.1	43.5/6.5
2.0 TDCi Ford EcoBlue 130 PS (96 kW) (with automatic transmission)	3.65	99/160	183	36.7/7.7	43.5/6.5	39.8/7.1
2.0 TDCi Ford EcoBlue 170 PS (125 kW) (with automatic transmission)	3.65	99/160	183	36.7/7.7	43.5/6.5	39.8/7.1

^oThe illustrated axle ratio shown is the one available dependent upon model, GVM payload and engine/transmission combination. ^{oo}The declared fuel/energy consumptions and CO₂ emissions for Stage 6 engines are measured according to the technical requirements and specifications of European Regulation (EC) 715/2007 and (EC) 692/2008 as last amended. Fuel consumption and CO₂ emissions may be specified for a vehicle variant and not for a single vehicle. The applied standard test procedure enables a comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a vehicle; driving behaviour as well as other non-technical factors are very important in determining a vehicle's fuel/energy consumption and CO₂ emissions.

finance

When it comes to financing your vehicle, our size and expertise means we're well placed to provide you with a wide range of finance products. *Ford Credit provides a range of finance products for your vehicle whether you are a private or business user. ^Ford Lease specialises in contract hire and leasing and provides an alternative range of finance plans which can be tailored to suit your business. Business users only. For more information about our finance products visit ford.co.uk * Finance subject to status. Guarantees may be required. Freepost Ford Credit.

Ford Credit is a trading style of FCE Bank plc. which is authorised by the Prudential Regulation Authority and regulated by the Financial Conduct Authority and Prudential Regulation Authority under firm reference number 204469. ^ Ford Lease is provided by ALD Automotive Limited acting as Ford Lease, Oakwood Drive, Emersons Green, Bristol, BS16 7LB. ALD Automotive is registered in England No. 987418. ALD is authorised and regulated by the Financial Conduct Authority.

Contact

Ford Credit Account Services : 0345 712 5490
Ford Lease Customer Services : 0344 600 1405

Calls to 0344 and 0345 numbers are charged at the same rate as a standard 01 or 02 geographic number, even when calling from a mobile.

own

When you drive away in your new vehicle, we're with you all the way. Ford has a large authorised service network to help you keep your vehicle in the best condition. And should your new Ford ever require accident repair, a Ford Accident Repair Centre is the best place to get your vehicle back to its pre-accident condition and on the road as quickly as possible.

FordPass

FordPass is a new platform that will empower you to rethink the way you move. Finds parking locations nearby, contains vehicle and finance details, Dealer information and a host of useful guides. Live Traffic is also available free for 2 years following new registration, providing the vehicle has SYNC 3 with navigation.

Illustrations, descriptions and specifications. This catalogue was correct at the time of going to print. However, Ford policy is one of continuous product development. The right is reserved to change specifications, colours and prices of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. **Optional equipment.** Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability. **Note.** Some images portrayed are of a pre-production model and/or are computer generated, therefore, the design/features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional. **Note.** This brochure contains both original Ford accessories as well as a range of products from our suppliers. +The identified accessories are carefully selected third party supplier branded accessories which do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. **Note.** The Bluetooth® word mark and logos are owned by the Bluetooth SIG, Inc. and any use of such marks by Ford Motor Company is under licence. The iPod word mark and logos are the property of Apple Inc. Other trademarks and trade names are those of their respective owners. **Note.** Some driver assistance features and safety features described in this brochure are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions. **The Government fuel figures** do not express or imply any guarantee of the fuel consumption of any particular vehicle. The vehicles themselves have not been tested and there are inevitably differences between individual vehicles of the same model. In addition, a vehicle may incorporate particular modifications. Furthermore, the driver's style and road and traffic conditions, as well as the extent to which the vehicle has been driven and the standard of maintenance, will affect its fuel consumption. **Insurance groups** are only as recommended by the Association of British Insurers. You should always consult your insurance adviser for confirmation.

Ford and BP – working together to reduce fuel consumption and emissions.
